

You Put This Love in My Heart

(Page 1)

I found it hard to believe
Someone like you cared for me
You put this love in my heart

I tried but could not refuse
You gave me no time to choose
You put this love in my heart

*I want to know where the bad feelings go
When I'm depressed and I get down so low
And then I see you coming to me and it's alright*

I want to tell you right now
I'm not afraid to say how
You put this love in my heart

There are sometimes when I doubt
But you always find me out
You put this love in my heart

'Cause when I see all that you've done for me
It's hard to doubt, I just have to believe
'Cause you follow up, provin' all of your love

THE Hiding Place

Well I know the loneliness I had before
Is gone now. I'll never feel it anymore
'Cause your love has released me

From all that's in my past
And I know I can believe you
When you say I'll never be forsaken
Your love is gonna last

There's so much more I should say
If I could just find a way
You put this love in my heart

Is all this real or a dream
I feel so good I could scream
You put this love in my heart

*I want to know where the bad feelings go
When I'm depressed and I get down so low
And then I see you coming to me and it's alright
You put this love in my heart
You put this love in my heart
You put this love in my heart*
